December 6, 2011

Dear Friend of House of Grace of the Adirondacks,

As the holidays approach, we are reminded of loved ones and the memories we shared throughout the years. Here at the House of Grace we remember the residents we have had the pleasure of caring for since 2005, providing love, companionship and dignity in their final days.

If you had a loved one here at the House, or know someone who did, you understand the importance of our mission, which is "to ensure dignity for the terminally ill in a safe and loving home during life's last journey".

In these challenging times, our House struggles just like any other household. We have bills to pay and deadlines to meet, all while providing for and nurturing our loved ones.

When you reflect upon your Holiday gift giving this year, please consider including the House of Grace in your donations. Help us to continue our mission.

*"When we can't put days onto their life,
We can put life into their days"*

Thank you and Blessings to you this holiday season,

Elaine Gibb
Director of Operations

Robert Spratt
Director of Outreach
